

# 2006 WSPE Directory Listing of: Contractors/Suppliers

The Directory listing is one of the most useful features of the WSPE Directory. This is the best opportunity for you to showcase your company and promote your qualifications. Your listing will include your company name, address, phone/fax numbers, website plus a list of your firm's principals, offices and qualifications. We then take this a step further and consolidate the qualifications of each listed company into a section called the *Index of Contractors/Suppliers*. At a glance, potential customers can discover which contractor/supplier will best help them with their particular needs.

The information you supply below and on the reverse side will be published upon your authorization in the 2006 Directory of the Wisconsin Society of Professional Engineers. The cost of a listing is \$295.00 and payment should accompany your order. Forms must be returned prior to April 30, 2006. You will be mailed a complimentary copy of the Directory following an April publication date.

The 2006 WSPE Directory will be mailed free of charge to WSPE members, Wisconsin engineering firms, city public works directors, state and federal agencies, regional planning commissions and members of selected organizations such as the Associated General Contractors and the Wisconsin Association of Consulting Engineers.

**YES**, please include our firm's listing in the 2006 WSPE Directory
