Engineers' Creed

As a professional engineer, I dedicate
my professional knowledge and
skill to the advancement and betterment
of human welfare.

» I pledge:

To give the utmost of performance

To participate in none but honest enterprise

*To live and work according to the laws of
man and the highest standards of
professional conduct*

*To place service before profit, the honor
and standing of the profession before
personal advantage, and the
public welfare above all other
considerations*

In humility and with need for

Divine Guidance, I make this pledge.
