

A state society of the National Society of Professional Engineers  
**SUPPORTING ORGANIZATIONS PROGRAM**

This is not your ordinary key. It doesn't jingle or hang on a chain, but it's powerful, nevertheless.

### **Sponsors, You Have the Key**

### **Use It To:**

- Become a supporter of NSPE-WI. You will become key to the success of engineers across the state of Wisconsin.
- Encourage professional engineers to become members of NSPE-WI. By doing so, you recognize that they are key to the health, safety, and welfare of the public.

Any organization with professional engineering employees has the key, including contractors, educational institutions, government agencies, industries, and private practice consulting engineering firms. At most levels, your sponsorship will be included in all NSPE-WI activities. You will be active as a sponsor for your local chapter and will receive sponsorship material only once a year.

Helping others is key to your own success. Unlock the door and open your organization to the benefits of NSPE-WI.

**Please don't drop this key opportunity!  
Support Wisconsin engineers today!**

## **ENGINEERS' CREED**

As a Professional Engineer, I dedicate my professional knowledge to the advancement and betterment of public health, safety, and welfare.

### **I pledge:**

- To give the utmost of performance;
- To participate in none but honest enterprise;
- To live and work according to the highest standards of professional conduct;
- To place service before profit, the honor and standing of my profession before personal advantage, and the public welfare above all other considerations.

**In humility, I make this pledge.**
